ALBANY LIONS TO PLANT 25 TREES SUNDAY TO OBSERVE 25TH BIRTHDAY

Albany's tree planting program will move forward another step Sunday morning when members of the local Lions Club take tools in hand to set out 25 young Melaleuca Tinariifolia on Dartmouth from San Pablo Ave. to a point approximately 3 1/2 blocks east.

Part Department Superintendent Bud Rooney will direct the activity which will serve to commemorate 25 years of Albany Lionism and augment city efforts to bring further beauty to the streets of our community.

William Culley, chairman of the Park and Recreation commission, reports the wholehearted acceptance of the recently adopted master plan for tree planting is most rewarding to the department with daily requests being received by the office for service.

The activity Sunday is the second phase of a Lions project initiated earlier when 50 trees were planted on Spokane Ave. to commemorate 50 years of Lionism throughout the free world.

Henry Kruse, president of the local club, stated that the wonderful cooperation of residents after the Spokane Ave. project assisted the club materially in their decision to proceed further with city guidance in advancing the community beautification program.

Kruse added the opportunity afforded the Lions to participate in such civic improvement, is a privilege cherished by every member and exemplifies one of the principle objectives of Lions International.

"We would also remind our neighbors," continued Kruse, "this tree planting is made possible by the Lions Annual Lite-A-Thon, a door-to-door light bulb sale scheduled for October.

The victim is unable to identify the responsible from pictures because of poor eyesight. She said she thought another lady might have seen the crime committed.

Anyone who might have seen it is urged to come to the Police Station and help identify the perpetrator, Jensen said.

Cornell Traffic Patrol To Be Improved, Trained

Mrs. Frank Alessandro, safety chairman of the Cornell school Parent-Teacher association, has begun a project to restore morale, dignity, and responsibility to the Traffic Patrol at Cornell school. With the cooperation of Robert E. Shogren, principal, and the entire school staff, concentrated effort will be made during the fall and spring semesters to reorganize the patrol into a more dedicated group of sixth and seventh grade boys.

On a recent Saturday afternoon, the boys met for lunch and an informal discussion at the home of Mrs. Alessandro. Assisting were Shogren and Mrs. Victor Sannazzaro. Approximately 25 boys attended. The entire group talked about responsibilities, attitudes toward the job, and the merits of being on the patrol.

The boys expressed a desire to be more respected by citizens and young people attending Albany High school, thereby enabling them to perform their duties as instructed. Specialized instruction will begin soon for boys already on the patrol and boys who wish to be included in the group.

Any constructive suggestions or offers of help to build morale are welcome and should be made by contacting Mrs. Alessandro or Shogren through the school office.

COUNCIL ASKS P&Z TO CONSIDER REZONING

By a vote of 3 to 1, Albany City Council voted Monday night to ask the Planning and Zoning commission to consider rezoning three blocks in the area of 1147-49 Portland from first residential to R-1250, which would permit multiples.

Councilman George Hein voted no on the motion and Councilman Joe Carlevaro, who arrived late, was not present.

It all started with an application to modify zoning at the Portland address to allow Stan Young to build a four-unit multiple to replace an abandoned, illegal two-unit building, which he said is a safety and health hazard.

Hein said he considered this spot zoning. The matter was held over one week for continuation of the public hearing before a full council.

Also held over for a recommendation from P&Z was a variance request by Suzanne M. Cohn to convert a garage to living area at 818 San Carlos.

The final passage of an ordinance establishing an underground utility district on Solano was held over one week. Unanimously passed were resolutions commending Senator Nicholas Petris and requesting a financial assistance grant for Albany Library.

A work session will be held in the near future to discuss Cable TV and City Attorney Larry Saler was asked to draft an ordinance providing for disciplinary action for non-uniformed employees similar to the one for uniformed employees.

A public hearing will be held next Monday night on granting Ralph Johnson permission to open a bail bond agency in Albany.

A claim for damages caused by weed burning submitted by Donald W. Butts of 506 Adams was denied and referred to the city attorney and insurance carrier.

A communication from William Garren regarding advertising benches at bus stops prompted Council to defer renewing the contract until the beautification program gets under way.

Filed were communications ordering consolidation of a special Albany election regarding the 35-cent school tax with the General Election ballot; from Livermore regarding BART financing and from San Pablo regarding removing the League of California Cities meeting from San Francisco.

Council voted unanimously to authorize the mayor to proclaim October as Lion Lite-A-Thon month, to refer to Saler a letter regarding support for more rigid law enforcement on persons who commit battery upon fire or policemen in performance of their duty.

They promised the pension board they will look into the deficit in the pension fund at the end of this fiscal year, and voted to change the city charter regarding civil defense.

The meeting was adjourned about 10 p.m. to go into a work session with members of the Police and Fire Civil Service club regarding wages, hours and benefits. Nineteen policemen and firemen attended the Council meeting and apparently remained for the work session.

Mrs. Caruso's choice was "I'm All Alone," and she comments, "The harmony was wonderful and the crowd was appreciative. It was a great thrill to direct such a large group!"

Also present were an equal number of Sweet Adelines' male counterparts, members of the Society for the Preservation and Encouragement of Barbershop Quartet Singing in America, their

Volunteers Needed To Prepare Christmas Seals

Volunteers are urgently needed to help prepare the more than 300,000 Christmas Seal campaign mailing envelopes for the 1968 Christmas Seal campaign of the TB and Health Association of Alameda County. According to Association President Stanley H. Tobin, this represents an increase of some 55,000 over last year's 245,000 mailing, and is due mostly to county growth.

Individuals, as well as groups, are invited to help with the program to assemble these Christmas Seal packets for Alameda County residents. Those interested are urged to come to the TB and Health Association office, 121 East 11th St., Oakland, Monday through Friday from 9 a.m. to 4 p.m. Beverages will be supplied by the association for those who wish to bring lunches.

Last year a total of 486 volunteers gave 5,238 hours of service. The greatest need for help will be all through October.

Service awards are made year-

ly to volunteers with 100 or more hours of service.

The 62nd annual campaign, due to kick-off in November, cannot get underway until more than 10,000 pounds of seals have been packaged.

As is true in former years, Tobin said, the success of the Christmas Seal campaign to fight TB, emphysema and other respiratory diseases and to keep the Chestmobile rolling throughout the county, depends upon the generous help of many volunteers.

Classes began in Ft. Leavenworth, Kan., last month at the U.S. Army Command and General Staff college. Lieutenant Colonel Herbert M. Webber is attending the 38-week course. The colonel, son of Mr. and Mrs. John M. Webber, 500 Arlington Ave., Berkeley, is one of 1,344 U.S. and Allied officers selected to attend.

Even after being checked over by mechanics, the Corvaire broke down twice in the middle of nowhere on U.S. 101. In one instance she walked to a distant filling station and in the other, a carload of hippies came to her rescue and fixed the trouble. Both breakdowns happened in the middle of the night.

MAE BROKE down on 101 in the southern end of the state. Toni Stallone and I, en route to a Soroptimist meeting in Eureka, broke down on 101 in the northern part of California. Also in the mountains in the middle of the night. Guess it is something of a miracle that the entire distaff side of the Times staff was on deck Monday morning.

DISCOVERED ALBANY'S Bill Shaw, son of Mr. and Mrs. Charles M. Shaw of 800 San Carlos, behind the desk of the lovely Eureka Inn, where we stayed. The 1963 graduate of Albany High school has his BA in business administration from Humboldt State college and is working toward his MA, meanwhile obtaining management training at the inn. Bill is the type of young man you're proud to acknowledge as one of the "home town boys." His sister, Ruth, attends Albany High.

tory. Did you know that the building where Luttrell's Music store is today was the home her father built for his family back in the early 1900s? Dr. Victor Stallone, whose office is down the street on Solano, was born in that building.

CARL MYER, executive manager of Berkeley-East Bay Humane Society, made such a hit with Soroptimists last Wednesday that they are planning to have him return again—perhaps twice. Carl told of their work as an adoption center, the lists they maintain of lost, found and wanted pets, their educational program (including dog obedience classes taught by Mary Culley), their work in preventing mistreatment of animals on the national and international level as well as success in obtaining humane slaughter laws. Very interesting.

IRVING JONES is out of intensive care at Alta Bates hos-

pital and recovering nicely from his recent coronary.

OUR GRANDMA is finally home after about 10 days in Elmwood Convalescent hospital in Berkeley, where we discovered Les Simonson of 622 Curtis, who had been there about a month and was doing fine.

THE COMMITTEE says "Don't just ask—plead" for rummage, hangers and paper bags for the upcoming Inter-Club Council rummage sale, which will be held at the Community Center gymnasium in University Village Friday, Oct. 25, and Saturday, Oct. 26. Rummage may be left at the Kains entrance to Ellis-Olson mortuary or call the Chamber of Commerce office (525-1771) for pickup arrangements.

These news items are of great help in bringing our endeavors to the attention of the public.

MRS. H. W. HABERKORN

Editor, the Times:

Unless a concerted effort is made by Northern Californians to change the California water plan, now under consideration, Southern California will transform the Delta Area (and the Bay Area) into salt marches with insufficient clear water to support either plant or animal life. The proposed "pipereh canal" along the eastern edge of the Delta region, will drain off enough of the surface water to permit the intrusion of salt water from the ocean, ruining all our crops and permitting the contamination of this area with pesticide-containing wastes which would poison the little remaining water for human consumption.

In order to combat this situation, according to Jerome Waldie, congressman from the 14th District, and William Dickinson of Concord, nominee for the 10th District Assembly seat, we must demand several legislative mea-

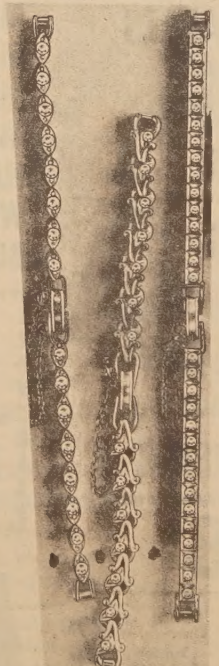

sure the Saint Mihiel, Champagne and Meuse Argonne battles during World War I and after the Armistice marched from Belgium to the Rhine River, serving with the Army of Occupation in Germany for five months at Segendorf and Rhodenback near Coblenz.

During World War II, he was recalled to active duty and served at sea on a Navy transport, transporting troops and supplies to the South Pacific area, and returning with casualties from the battle zones. His many service awards include a life member of the Legion of Valor, recipient of the Distinguished Service Cross, the Navy Cross, the Silver Star, the Star Metal and the Fourragere was presented to him by the people of France.

Ball is survived by his wife, Marguerite Ball; a daughter, Mrs. Bernice B. Evernden of Walnut Creek and Ernest B. Ball, Jr., a son, of Oakland. He also leaves two sisters, Mr. Lilburn Gibson of Elk, Calif., Mrs. Lola Wilson of Ukiah and a brother, Irvin E. Ball of Talmage, Calif. Ellis-Olson mortuary was in charge of his arrangements, and a graveside service was held in the Santa Rosa Memorial Park, Santa Rosa.

asures be taken immediately: 1. Revision of the State plan to include a waste disposal system; 2. More county dams and waterways to keep up our water level; and 3. Stepped up development of nuclear-powered desalting plants, to tap the inexhaustible source from the ocean. Letters to Congressman Waldie, and to the Governor would greatly help to change this plan in our favor.

GEORGE MALSBARY,

Editor, the Times:

Recently, I had the occasion to file a criminal complaint with the Albany Police Department dealing with a national security check preparatory to the Democratic Convention. Local police have jurisdiction because State and private colleges in California were directly involved.

This letter is prompted by the constant complaint of local police that sophisticated equipment is denied them while criminal elements have access to a multitude of devices. Yet, a complaint which would give them access to many life-saving devices is ignored. The University of California has the necessary equipment and the atomic physicists to operate them, and the Police Department has no one to blame but themselves for not insisting upon its right of access.

1. Use of Atomic Devices in the Chicago Riots.

With thousands of rioters and probably many assassinations plots, I find little in the local papers here to indicate any loss of life by the Chicago Police and the Illinois National Guard. Much smaller riots in California have resulted in deaths of many policemen. The difference lies in the use of atomic physics as an explosive detection system so that the law men know which persons in a crowd are armed with either guns or bombs and which persons are relatively harmless. It is a matter of life or death to the policemen.

The AEC has spectroscopic equipment for picking up light rays and other radiation from a crowd of people. Whenever the spectral lines emitted by explosives appear on a spectrogram, a method of triangulation is used to pinpoint the individual. In Chicago, where the crowds were very dense, prearrangements had been made to instantly transfer the spectrogram to Oak Ridge for triangular measurements on a several thousand mile scale involving Q and the atomic clock in Denver with AEC's computers available for calculation. In the most dense crowds, it only takes 30 seconds to identify the armed rioters.

2. A Proposal for California Riot

Like a Letter from Home . . .
The Times . . . \$4.50 yr.

Control.

The same equipment described in the above paragraphs is available from the University of California. Accurate measurements in triangulation can be obtained by using the atomic reactors at Berkeley and Los Angeles as two known points approximately 400 miles apart. This should be accurate enough even for a crowded stadium.

This method has been available for some time, and the atomic physicists at Berkeley know it. With all the rioting in the area, why hasn't the faculty explained this to the local police chiefs? Maybe they want a revolution. This is what my criminal complaint had to do with.

3. A Proposal for a Hypothetical Police Force.

The Keystone cops of the old movies used dummies on occasion. If the Albany Police Department looked into some of the activity in physics, they would discover that they could create their own walking, talking dummies for dangerous situations where the armed criminals would exhaust their gunfire while the live policemen are protected.

Atomic physicists use a room of mirrors to catch images to place in an atomic reactor so that a three dimensional field of force can be radiated. A dummy with a small television camera would project the visual situation on these mirrors, and a ham actor in the center of the room would be in the identical situation as the dummy. That is, he would control the dummy through radio communication. When the dummy is fired upon the actor has to fall. But the criminals are in an exposed position to the police.

New Plymouths On Sale

Chrysler-Plymouth dealers of Albany had their first look at the new lines of 1969 Plymouths, Chryslers and Imperials at a preview meeting at San Francisco.

The showing was 1 of 21 being held in various parts of the country for dealers and their sales staff. They inspected the new models following a closed-circuit, simultaneously televised business meeting for dealers and salesmen, which originated in New York.

Glenn E. White, general manager of Chrysler-Plymouth Division, headed a panel of executives who discussed the 1969 automobiles and promotional plans to continue the sales momentum which made 1968 a record year for the division. The new models went on sale Sept. 19. Invited to the preview were sales and management personnel from H. L. Moore Chrysler-Plymouth of Albany.

rites at St. John's Catholic Saturday afternoon, united in marriage Deborah Ann Maddox, daughter of Mrs. John F. Maddox of marriage, and Jack Kenneth Radosevich, son of Mr. and Mrs. Lee Radosevich, Sr., of 1000 St. El Cerrito.

In marriage by her father, the bride was lovely in a long gown of white lace with sleeves and shoulder-secured with a cluster of white roses and pearls.

Jack Morgan of Hayward, son of honor wearing a blue frock of dotted Swiss with a large blue satin bow, carried a single gladiolus with a blue ribbon.

Lee Radosevich, Jr., of the bridegroom's brother, carried the bride's bouquet.

125 guests attended the ceremony at the Catecombs in El Cerrito.

The bride's mother received guests in a two piece cherry silk suit with white and cherry accessories. The bridegroom's mother wore a coat and dress of blue and green with beige accessories. Both had orchid corsages.

Following a wedding trip to Disneyland, the couple is at home in Albany. She is a graduate of Albany High school and employed by the Bank of America.

Her husband, an El Cerrito High school graduate, is employed at Capwell's Tire Center.

Cougar Cubs Tie

On Thursday afternoon at Cougar Field, the JVs came roaring from behind to overcome a 12 point lead. Unfortunately, they were frustrated in their attempts to score an extra point and were visibly distraught in having to settle for a tie with the St. Patrick's JVs.

Late in the second period, Bob Fisher started the locals on their first scoring drive. Herb Russell culminated the 65 yard drive with a 20 yard burst around his left end. The pass attempt for the extra point was dropped.

In the third quarter, the Cubs' drive down the field was led by the running of Randy Hanson. Herb Russell scored again, this time on a 25 yard pass play from Bob Fisher. Shawn Ridley, a freshman, was Albany's defensive star as he tackled opposing runners for repeated losses.

On Thursday of this week, JVs travel to California School for the Deaf to play at 3:15.

Three day and three evening art classes have been scheduled this quarter by the Albany Adult school with enrollment currently open in all courses to those living in or out of Albany. All classes meet at Albany High school, 603 Key Route Boulevard.

Art workshops are held on Tuesday and Thursday evenings from 7 to 10 p.m. and Thursday mornings from 9:30 to 12:30 a.m. The Art Workshops are open to all persons interested in developing their creative talents. Natural growth of personal expression is encouraged by means of group critiques and individual classroom assistance by the instructor. Materials, techniques, and fundamentals of composition will be covered in conjunction with the class projects. These Art Workshops provide an opportunity for experienced artists to have studio painting space and to meet and work with other creative people of the community.

In addition to the above, Fine Arts courses in acrylics and water colors are also open to enrollment of interested students.

Albany Native Daughters' Birthday Today

Albany parlor 260, Native Daughters of the Golden West, will meet tonight, which is the 82nd birthday of the organization.

Governor Reagan has written Native Daughters a letter congratulating them for their contributions to California in preserving and encouraging the history of the Golden State; for historical landmark markings; for scholarships in the field of education and for forward looking programs designed to help the young grow up in full awareness of California traditions.

Who Likes Music?

Nearly everyone enjoys music but especially those who have background information on the musical composition and its creator.

On Wednesday evenings the Albany Adult school is presenting a course in "What to Listen For in Music." The instructor will seek to increase listener enjoyment by directing student awareness toward the musical resources and style various composers have employed. Selected music will cover the entire modern range, plus representative works from the baroque, classical and romantic periods, including several of the various manifestations of romanticism in evidence at the turn of the present century. The course is designed for the general public as a means of cultural enrichment.

The music appreciation course, open to all adults regardless of residence, will meet on Wednesday evenings, 7 to 10 p.m., on the campus of Albany High school through Dec. 4.

Note of Thanks

To the kindest, friendliest people in the world, our Albany friends!

Thank you all so very much, for all the prayers, get well wishes, thoughtful cards, lovely gifts and flowers that I received during, and after my stay in the hospital. Words are inadequate to express my gratitude and appreciation.

For the past week at home, I have been sitting with my foot in a cast, or trying to hobble about on crutches. Everyone should try to walk on crutches for a while, to really sympathize and realize what one who must use them always goes through.

My hospital stay made me realize that we Albanyites have a very great advantage over the surrounding cities. The orthopedic surgeon who operated on my foot, does his work in one of the hospital institutions in an adjacent city. Although everyone was most kind, it was not like our own Albany hospital. Being in our hospital is like a home away from home. It is just one more jewel in Albany, the finest!

Harold is feeling fine also, and all is well.

Again dear friends, thank you.
Sincerely,
MAY ELLIS OLSON

About Adult Education

Albany Adult school has recently commenced a 13-week fall quarter. Since adult education serves a population of individuals who differ widely from one another in terms of age, educational achievement, positions in the community, and interests, the program of adult education in Albany is of such flexibility, scope, and depth to meet a wide range of student needs.

Nearly 100 courses have been scheduled this fall including academic, business, homemaking, physical education, and numerous "special interest" classes. A secondary school diploma program is also available. Morning and afternoon courses are offered, and most evening classes convene at Albany High school from 7 to 10 p.m.

Enrollment remains open in most classes to all interested adults and out-of-school minors. For further information contact the Albany Adult school at 526-6441 during the day and at 525-7131 in the evening.

Billee J. Vier Exhibiting Art

An exhibition of paintings by Albany artist Billee J. Vier is now on display at the El Cerrito office of American Savings and Loan Association of California 9950 San Pablo Ave.

A resident of 613 Curtis St., Albany, Mrs. Vier was inspired to create the paintings now on display at American Savings by a recent around-the-world trip. Her landscapes depict scenic spots in such countries as France, Portugal and Spain.

Because of her numerous art shows throughout the East Bay and membership in several Bay Area art societies, Mrs. Vier will be listed in the 1969 edition of Who's Who of American Women.

She is a member of the Artists Guild of the East Bay, which co-operates with American Savings in maintaining gallery programs at the Association's offices in El Cerrito, Southland and Hayward.

Rafferty Campaign Underway in County

Frank P. Adams, co-chairman of Northern California, has announced the appointment of James S. Kraemer of Piedmont as chairman of the Alameda County Rafferty for U.S. Senate campaign.

"With the appointment of Jim Kraemer," said Adams, "the organization has the experienced and energetic leadership necessary for a major contribution." The state-wide campaign will be coordinated within the county by area chairmen, according to Kraemer.

"The candidacy of Max Rafferty is a result of strong grass roots support and so we hope to have a very broad base of participation. Now that the primaries are over, it is expected that all Republicans and many Democrats will want to take part in the campaign," Kraemer said.

Other key appointments made were George L. Dealey, finance; Laurence Jarvinen, treasurer; and Bradley Rutledge, chairman of the 16th and 17th Assembly districts.

The county Rafferty headquarters at Grand and Webster in Oakland is now open and will be directed by Mrs. Dorothy Campau.

JOB'S COMMITTEES

Joanne Wiesner, Honored Queen of El Cerrito Bethel 214, Job's Daughters, appointed the following committees for the fall term: Brooke Bailey, Barbara Edwards, Durelle Hopkins, Suzie Harvey, Nancy Rose and Lynn Vincent, phone; Barbara Havlin and Kerry Basso, pledge; Jean Mitchell, Debbie Teaster and Diane Teaster, auditing; Chris Clark and Carol Stanley, sunshine; "Big Sisters" includes the choir members.

Jones of 1006 Santa Fe Ave., Albany, is serving aboard the radar picket destroyer escort USS Camp operating in support of Operation Market Time off the coast of South Vietnam. The crew of the Pearl Harbor, Hawaii, ship helps to stop the infiltration of arms and supplies into South Vietnam by the enemy.

CLEANLINESS HELPS

The blindness that drivers experience when traveling on crowded roads at night is not due entirely to the bad adjustment of the other fellow's headlights. A dirty windshield, according to the National Automobile Club, does much to magnify the serious effects of glaring lights.

Main topic for the meeting will be the annual dinner dance which will be held Saturday, Oct. 19, with a Halloween theme.

Young People May Qualify For Disability

Some young people with as little as a year and a half of work may now receive disability benefits, according to Gerald Dewhirst, social security district manager in Berkeley.

Recent changes in the social security law make this possible, Dewhirst said. People under age 31 no longer need to have worked five years out of the 10 year period ending when they became disabled.

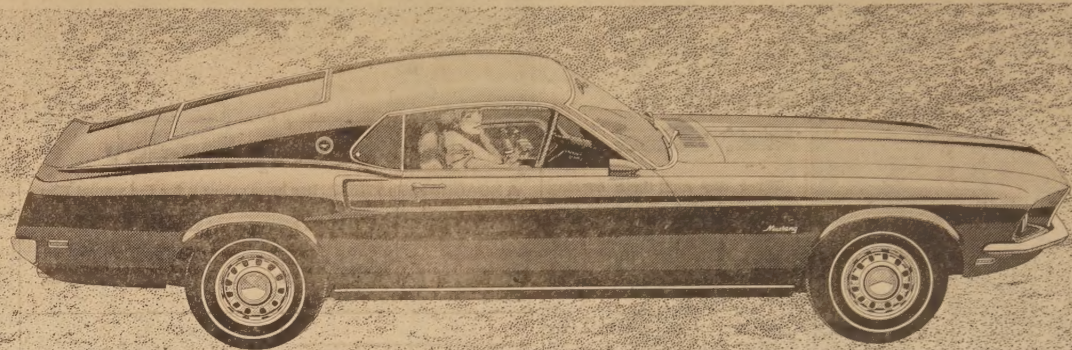

A person unable to work for 12 months or more because of a disability who meets the liberalized work requirements will qualify. Monthly cash benefits will then be paid to the worker and his family.

An application is necessary. Dewhirst added, the sooner the better after a person is disabled, so that no money is lost. He advises anyone who is disabled or needs more information to visit

or write the Social Security Office, 1950 University Ave., Berkeley, or to phone Ext. 431.
